## Notes:

(a) The State Constitution requires property to be assessed at one hundred percent of the most recent purchase price, plus an increment of no more than two percent annually, plus any local over-rides. These values are considered to be full market values.
(b) California cities do not set their own direct tax rate. The State Constitution establishes the rate at $1 \%$ and allocates a portion of that amount, by an annual calculation, to all the taxing entities within a tax rate area. The City of Concord encompasses more than 15 tax rate areas.

Note:
In 1978, California voters passed Proposition 13 which sets the property tax rate at a $1.00 \%$ fixed amount. This $1.00 \%$ is shared by all taxing agencies for which the subject property resides within. In addition to the $1.00 \%$ fixed amount, property owners are charged taxes as a percentage of assessed property values for the payment of voter approved bonds from various agencies.

Notes:
Current tax collections beginning in 1993 have been reduced by a mandatory tax reallocation imposed by the State of California.
(a) During fiscal year 1995, the County began providing the City 100\% of its tax levy under an agreement which allows the County to keep all interest and delinquency charges collected.
(b) Tax collections in fiscal year 2005 to 2012 are net of pass-thru payment and Educational Revenue Augmentation Fund withholding. During 2012, tax increment was no longer distributed due to the dissolution of the Redevelopment Agency.
